THE BEST PRODUCTS:

We'll spec the job and recommend the **best products to suit your needs!**

APC EP100T EPOXY FLOORING PAINT

EPO100T® is a High Performance Epoxy that is suitable for use in commercial, industrial and residential environments. It's non-slip, hot tyre resistant, long-lasting and can be tinted to over 200+ different colours. The exceptional resistance to a wide variety of chemical spillage and fumes makes this product ideal for use in high traffic commercial and industrial environments.

EQUIPMENT HIRE:

We've got **all the tools and equipment** available for hire to make the job...easy!

SCRUBBERS

Speedy - can clean up to 500m2 in an hour

GRINDERS + HAND GRINDERS

Perfect for removing glues, paint, recoatings and fillers and leveling uneven floors

VACCUMS

Handle all kinds of fine dust and material created during floor preparation

LINE MARKERS

Perfect to demarcate areas on your new floor
